# SUBINAY PANDA

**SYSTEMS ENGINEER (C1) | EMP ID: 3256513 | TCS KOLKATA | 0.34 YEARS EXP**

subinay.panda@tcs.com +91 8695476005 subinaypanda.dev github.com/subinay108 linkedin.com/in/subinay-panda

**TCS GenAI Competency (E1)**
Certified in Gemini Enterprise Agent Development & Deployment. Qualified in Primary AI Competencies.

**Agentic & RAG Architectures**
Hands-on experience with MCP tools, Groq/Gemini APIs, and A2A multi-agent communication frameworks.

**Full-Stack & ML Foundation**
B.Tech CSE (Data Science) | Dual GATE Qualified (CSIT & DSAI).

## TECHNICAL SKILLS

| | |
|---|---|
| **GenAI & AI Agents** | Gemini Enterprise, Agentic Workflows (A2A), MCP Tool Integration, RAG Systems, Context Engineering |
| **Languages & Core** | Python, Core Java, C, C++, JavaScript, TypeScript, SQL |
| **Libraries & Frameworks** | React, Next.js, Node.js, Express.js, Tailwind CSS, FastAPI, TensorFlow, OpenCV, Pandas, Scikit-Learn, LangChain, LangGraph, Google ADK, FAISS, ChromaDB, OpenClaw |

## TCS COMPETENCIES

| Category / Competency Name | Proficiency Level |
|---|---|
| **Primary Competencies** | |
| Digital : Python | E1 |
| AI Agents | E1 |
| AI & Gen AI - Products & Tools | E2 |
| **Secondary Competencies** | |
| Core Java | E2 |
| Generative AI | E1 |
| JSP / Servlet / JSTL | E0 |
| Java - JDBC | E0 |
| Foundation : JavaScript | E0 |

## WORK EXPERIENCE

**Tata Consultancy Services (TCS)** — Systems Engineer (C1) June 2026 – Present | Kolkata, India

- **GenAI & AI Agent Certifications:** Formally qualified in Primary Competencies: Generative AI (E1) and AI Agents (E1) alongside Core Java (E2). Completed specialized VILT tracks on Gemini Enterprise Agent Development and Google Cloud Build with Gemini.
- **Core Capability Building:** Completed technical onboarding in enterprise Java, Object-Oriented Architecture, and Spring Boot.

## FEATURED PROJECT

**Human–Computer Interaction through Context-Aware Collaborative AI Agents** 2025 – 2026
Final-Year Project | Brainware University

- Architected a dual-agent framework (User AI Agent & Platform AI Agent) enabling natural-language intent evaluation and constraint-aware recommendation flows.
- Explored agent coordination through Agent-to-Agent (A2A) communication and Model Context Protocol (MCP) tool calls with Mutual Context and Capability Alignment (MCCA).
- **Tech Stack:** Next.js, React, TypeScript, Node.js, MongoDB, Groq API, Gemini API, Google ADK, A2A communication, custom MCP servers.

## KEY PROJECTS & APPLICATIONS

**AlterAI — RAG-Based Personal Persona Agent** 2025
**Diversion Hackathon 2025**

- Developed an RAG-based AI agent using the Gemini API, designed as a digital persona answering queries in the user's authentic voice.
- Aggregates and indexes public digital footprint data by scraping platforms including LinkedIn, GitHub, X, Facebook, and Instagram.

**LungScan AI — Lung Cancer Detection App** 2024 – 2025
**C++ & wxWidgets Native Desktop Tool**

- Built a native C++/wxWidgets desktop app to detect lung cancer from CT scan images.
- Integrated a CNN model (TensorFlow) for tumor classification and probability scoring, executing Python inference directly from C++.

**AI – Scientific Calculator** 2022 – 2023

- Built a JavaFX desktop application utilizing a custom-engineered Mathematical Expression Evaluation engine built from scratch.
- Integrated LLM (Claude AI) capabilities to formulate natural-language problem formulations into actionable mathematical expressions.

**Sudoku Solver & Sudoku Board Detector** 2022 – 2023

- Developed a web application (Vanilla JS, HTML/CSS) implementing DFS with heuristics to solve Sudoku puzzles within 10ms–100ms.
- Integrated OpenCV.js and TensorFlow.js for client-side camera/image OCR to detect and digitize Sudoku boards completely offline in browser.

## TCS CERTIFICATIONS

**Google Partner Specialist Certified Gemini Enterprise Agent Development**
Version-1.0 | 01-Oct-2026 | TCS Internal Specialist

**Cloud Computing : Gemini Enterprise Certified Partner Specialist Intermediate**
Version-1.0 | 10-Oct-2026

**Cloud Computing : Other Agents Beginner Curriculum**
Version-1.0 | 16-Oct-2026

## TCS VILT TRAININGS

**Google Cloud Build with Gemini Event Lab E1 vILT**
OCT 2026

**Gemini Enterprise Deployment vILT**
OCT 2026

**Gemini Enterprise Agent Development vILT**
OCT 2026

## EDUCATION & CREDENTIALS

**B.Tech - CSE (Data Science)**
**Brainware University, Kolkata**
2022 – 2026 | CGPA: 9.37 / 10

## COMPETITIVE ACHIEVEMENTS

- **GATE 2025:** Qualified in CSIT (Marks: 41.59, Score: 476).
- **GATE 2026:** Qualified in CSIT and Data Science & AI (DSAI).
- **Smart India Hackathon 2024:** Led team for Office Orbit React Native app.
- **VLM BootCamp:** OpenCV University Certified.

## TCS RECORD

**ILP1-Parent (Engineer - TD ILP)**
18-Jun-2026 – 31-Aug-2026 (2m 14d)
